DANISH RAZA

(+92) 321-4330791 Age: 33 Years danish.raza@whu.edu.cn

Objective

To seek recognition as a **Distinguished Young Alumnus** by showcasing sustained academic excellence, professional impact, and international engagement in GIS, remote sensing, and data-driven decision-making. Accomplish global reputation as Alumni of COMSATS University Islamabad through continued leadership and scholarly contributions.

Profile

Dr. Danish Raza is an accomplished researcher and emerging academic leader whose work exemplifies innovation, impact, and international excellence in GIS, remote sensing, and machine learning based geospatial analysis. He earned his **Ph.D.** in **Cartography and Geographic Information Engineering** from **Wuhan University, China (June 2025)**, where his research aligned with the United Nations Sustainable Development Goal (Zero Hunger) introduced advanced remote sensing methodologies to address critical food sustainability challenges. With strong **multidimensional experience** in geospatial technologies, **Dr. Raza** has contributed to **national-level projects** involving **commercial satellite data.**

Currently, he is serving as an **Individual Consultant (GIS)** at The Urban Unit, Lahore, Pak, supporting **national level planning** and **policy initiatives** through advanced geospatial analysis. He is also **Visiting Faculty member** at the **CGIS, University of the Punjab**. He has also been **selected** for a **prestigious Postdoctoral Fellowship** at **King Fahd University of Petroleum & Minerals (KFUPM), Saudi Arabia**, reflecting his growing international academic recognition. He has also **published** 27 **scientific research papers** and presented his work at worldwide forums. He has engaged in several **trainings and conferences** in **China, Hong Kong SAR and Pakistan** including platforms of the **United Nations and NASA**. His core responsibilities are GIS base data development and cartography for efficient resource management and decision making.

Main Highlights

1. **Ph.D. Cartography and Geographic Information Engineering** (2020-2025)
   State Key Laboratory of Information Engineering in Surveying Mapping and Remote Sensing (LIESMARS), Wuhan University, China **(QS World Ranking: 186)**
2. Published in six years - **27 Research Articles** including in Ph.D. 6 as 1st Author **(Total Citations: 663)**
3. Crops Spectral Library – Developed **Crops Spectral Library** (CROPSPECPK) with Spectroscopy
4. Conferences and Seminars – **6** International Events **(China, United Nation, Hong Kong)**
5. Awards Received in Ph.D. **– 4 Awards**
6. **6+** Years of Relevant Experience – **Individual Consultant – GIS** at the Urban Unit - **Visiting Faculty** at University of the Punjab, Lahore, Pakistan
7. **Selected** as **Post-Doctoral Fellow** at **King Fahd University of Petroleum and Minerals, Saudi Arabia (QS World Ranking – 67)**
8. Summer Schools – **3** International Summer Schools
9. Trainings and Workshops – **44 Certifications** including **China, United Nations, NASA and Pakistan**
