Islamabad, 9th April 2020

SUBJECT: **NOMINATION OF PMD TECHNICAL TEAM TO ASSIST NATIONAL COMMAND AND OPERATIONAL CENTRE (NCOC), PAKISTAN REGARDING COVID-19 AND CLIMATE**

Pakistan Meteorological Department (PMD) is pleased to nominate a team of experts to collaborate and assist National Command and Operational Centre (NCOC), Pakistan on understanding the connection between COVID-19 and weather, its projections and surges. The team will analyze climate data to forecast potential surges in COVIE-19 cases and develop science-based recommendations to curb the spread of the virus. The team will be led by Dr. Muhammad Hanif, Chief Meteorologist (R&D), PMD Islamabad.

- Dr Shahzada Adnan, Meteorologist (BS-17)
- Dr. Kamil Shahzad Cheema, Assistant Meteorologist (BS-16)

Dr Adnan will spearhead research on predicting and projecting COVID-19 surges in Pakistan. His findings and recommendations will be presented to NCOC through Dr. Muhammad Hanif, Chief Meteorologist (R&D). Dr Kamil will liaise with Ministry of Health and National institute of Health (NIH) to gather relevant COVID-19 data of Pakistan and globally.

Dr. Azmat Hayat Khan

Islamabad, 9th March 2021

Letter of Appreciation in respect of Dr. Shahzada Adnan

The Pakistan Meteorological Department (PMD) is honored to recognize Dr. Shahzada Adnan, Meteorologist, for his invaluable contribution to the national fight against COVID-19. PMD is grateful for the continuous commitment, dedication and hard work displayed during National's Resolve against pandemic.

Dr. Adnan's research on predicting and projecting COVID-19 surges in Pakistan proved instrumental in assisting the National Command and Operational Center (NCOC) in curbing the spread of the virus. His credibility is further amplified by the publication of two research articles on COVID-19 in peer-reviewed journals. This not only demonstrates the scientific merit of his work on an international level, but also highlights its recognition by esteemed organizations like the UN World Health Organization and the National Library of Medicine, USA, which have included his research in their databases.
