Nomination for COMSATS Alumni Excellence Award: Professional Achievement
Nominee: Irfan Ramzan
Degree: MBA Finance, COMSATS Institute, Islamabad
Current Role: Consumer Sales Head (DGM-11) – Islamabad Region, HBL

Executive Summary

My professional journey is a testament to consistent excellence and rapid progression. I began my career as a freelancer with various banks while completing my MBA at COMSATS. Upon graduation, I launched my formal career at Bank Alfalah in 2004. Over the past two decades, I have ascended to the rank of DGM-11 and Consumer Sales Head at HBL, where I currently lead a workforce of 125 professionals. Remarkably, I have maintained an unbroken record of receiving "Best Performance" awards and appreciation letters every single year since 2004.

Industry-Leading Achievements & National Records

• Historic National Record (2024-25): I achieved a landmark Rs. 5 Billion in Personal Loan disbursements within a single year, setting a new benchmark for both HBL and the Pakistani banking industry.
• Unprecedented Monthly Performance: I established an industry high by achieving Rs. 617 Million in disbursements in a single month, the highest ever recorded in the history of the sector.
• National Recognition: I was honored as the Best Consumer Sales Head across Pakistan in 2021 and nominated for the prestigious HBL Sitaray Award in 2023.
• Regional Excellence: Under my leadership, the Jhelum Region was awarded "Consumer Region of the Year" for the first time in HBL's history in 2018.
• Exponential Growth: I delivered a staggering 121% growth in Personal Loans in 2016, the highest country-wide growth for HBL that year.

Socio-Economic Impact & Digital Transformation

• Financial Inclusion in Northern Areas: Upon taking charge of the Islamabad Region, I spearheaded the launch of Credit Cards and POS machines in the Gilgit Belt. This initiative empowered the local economy, enabled cashless travel for tourists, and integrated the region into the digital economy.
• National Crisis Response (COVID-19): Serving as Area Manager during the pandemic, I played a pivotal role in HBL's partnership with the Government. I ensured the timely and transparent delivery of financial aid to deserving citizens through national social safety programs.
• Driving the "Documentary Economy": By bringing thousands of individuals into the formal banking net through consumer finance, I have contributed directly to Pakistan's transition toward a documented and transparent economy.

Leadership & Mentoring

Throughout my career, I have transitioned from a "Branch Mentor" at Bank Alfalah to managing a massive sales and processing workforce of 125 people, including RSMs and Sales Managers, at HBL. My focus remains on hiring, training, and building the next generation of banking leaders for Pakistan.

From a student freelancer to a DGM-11 record-holder with an unbroken annual award streak, my journey reflects the excellence and leadership values instilled by COMSATS University.
