Educational Background

Postgraduate - Molecular Genetics

COMSATS University Islamabad, Pakistan

- Earned Postgraduate qualification with 3.64 CGPA
- Title of the thesis: *"Association Between XRCC1 Gene Polymorphism and Radiation Exposure in Healthcare workers"*
- This degree enhanced my scientific knowledge and hands-on experience in molecular genetics, inheritance patterns, biology of cancer genetics, epidemiology along with strong analytical and research skills.

Undergraduate - Molecular Biology and Biotechnology

Bahauddin Zakariya University, Pakistan

- Completed undergraduate degree with 3.47 CGPA
- Management of experimental activities independently and gained an experience of various molecular biology techniques (Buffer preparation, PCR, SDS Page, DNA extraction, Gel Electrophoresis, Preparation of M & S Medium)

Skills

- Clinical Trial
- Compliance
- Data Collection & Analysis
- Editorial workflow of manuscripts
- Quality Assurance
- Literature Review
- Clinical Data Management
- Detail Oriented
- Communication Skills
- Research Subject Recruitment
- Institutional Review Board (IRB)
- Good Clinical Practice (GCP)
- Research Design
- Research Reporting
- Manuscript writing
- Proofreading
- Critical Thinking
- Copyediting
- Microsoft Office
- Publications Committee

Awards

- Burjeel Holdings - Oncology Awards 2023
- Emirates Oncology Society - EOS Research Award 2023

Additional Academic Track

- Clinical Research and Publication Pearl Training Series [Burjeel Medical City (2023)]
    - Study Design Essentials
    - Statistical Analysis & Research Questions
    - Dos and Don’ts in Research Interpretation
