PROFESSIONAL SUMMARY

Results-Driven Individual with multi-faceted Management & Technological experience. Strong analytical skills along with highly goal-oriented vision have made me a team player at various levels of management. No doubt being a dynamic, competitive and an automotive professional; I am looking forward to groom my technical, managerial and interpersonal skills by working in a professional environment. I consider myself highly adaptive to new technology & systems which can be considered as core competency.

PROFESSIONAL EXPERIENCE:

Supreme Technocrafts Aviation Services **Rawalpindi, Pakistan**

Position: CEO

Station: RWP-PAKISTAN

Genre of Work: Supreme Technocrafts Aviation Services (STAS) , a subsidiary of Supreme Technocrafts Group, was formed in 2016 with a mission to be the leading and trusted name in Private sector providing complete aviation solutions in an aviation starving market in which all such assets are being owned by public sector. With a vast and diversified business experience of over 3 decades in Pakistan; through reciprocal agreements with selected operators we have access to many aviation hubs within Pakistan both in public and private sectors including the defense services, flying schools and clubs, air charter services, government and semi-government aviation setups and aviation manufacturing industry. With a Vision to serve Globally, our dedicated & hardworking team is striving hard to provide top of the line services to clients.
