PROFILE SUMMARY

Visionary leader with an extensive track record in global trade facilitation, innovation-driven industry development, and cross-border economic diplomacy. Over 20 years of diversified experience spanning G2G negotiations, B2B matchmaking, B2C outreach, cluster formation, and skill development.

Recognized for connecting governments, industries, and communities to accelerate business growth, technological exchange, and industrial cooperation. Actively engaged in strategic PR, high-level advisory roles, and international representation across Pakistan, China, Turkey, UAE, and KSA.

Trusted by governments, chambers of commerce, incubators, and private sector leaders to design and implement sustainable trade and industrial strategies. Experienced in mentoring startups, guiding high-tech incubators, and fostering collaborative ecosystems that unite academia, industry, and policy-makers.

CORE EXPERTISE

- G2G, B2B & B2C Bridging – Facilitating direct channels between governments, industries, and consumer markets.

- Trade & Market Entry Strategy – Designing export/import pathways and managing international sourcing.

- Ecosystem & Cluster Development – Establishing industrial clusters, innovation hubs, and alliances.

- PR & Government Relations – Strong networks with policymakers, trade bodies, and chambers.

- Skill Development & Mentoring – Capacity building programs and workshops for professionals and startups.

- Incubation & Startup Advisory – Growth, funding, and scaling guidance for tech ventures.

- Aerospace & Industrial Solutions – Specialist in defense procurement, MRO services, and turnkey projects.

- Cross-Cultural Negotiations – Managing partnerships with cultural intelligence and diplomacy.
