---

3. National Level Impact (Services for Government of Pakistan)

Web Developer – BMGF Project under NIH Pakistan (2022)

Contributed to national digital public health systems through UX and interface design:

- Designed UX Draft for the National Allergy Center, Islamabad
- Designed complete UX/UI of Pakistan's first national cancer system:
  National Cancer Registry Tool (NCRT)
- Designed a COVID Learning Platform to enhance public health awareness
- Designed interfaces for the first national aggregate health data system under the IDSR Project

---

IT Officer – IDSRS (2025)

National Institute of Health NIH (2025)

Serving as IT Officer for the Integrated Disease Surveillance & Response System (IDSRS)

Project Lead – PSDP Projects Management & Monitoring System (2026-Present)

Ministry of National Health Services, Regulations & Coordination (NHSRC)

- Serving as Project Lead for development and design of Projects Management & Monitoring System Dashboard & Mobile Application of all ongoing PSDP-financed health projects across Pakistan

3. Lifea Welfare Foundation — Organizational Scale & Operational Reach

Managing a large-scale **online free education system** operating nationwide with the following capacity:

Operational Scale

- 150+ daily classes conducted online per day
- 150+ active teachers delivering trainings
- 250+ management members coordinating operations
  146+ Cities of Pakistan
- 16+ Countries worldwide

Leadership & Training Structure

- 30+ Team Leads
- 10+ Senior Trainers
- 5+ Master Trainers

Educational Model

- Two structured learning formats:
  - Combined Learning Sessions (1000 Students per class)
  - Dedicated Practice Sessions (12 to 25 Students per class)

This system represents a fully structured, multi-tiered digital education network with defined leadership, training pipelines, and nationwide operational coverage.

Growth Summary

- Expanded from **20 learners** to **2,000+ registrations per batch** within **two years**
- Built a fully operational **scalable online learning system**

Cumulative Impact

- **5,000+ students trained**
- **300–400 teachers trained**, including:
  - Engineers
  - Doctors
  - Other working professionals

4) Online Free Education System — Scalable Growth Proof

Batch	Registrations	Joined	Chapters	Practice/Day
Mar 2023	20+	20+	—	—
Apr 2023	100+	85+	—	—
Jul 2023	800+	340+	—	—
Nov 2023	900+	450+	15+ groups	—
May 2024	1300+	800+	15 cities	60+
Oct 2024	1500+	900+	18 cities	18+
Jan 2025	2000+	1000+	20 chapters	20+
Mar 2025	2000+	1500+	18 chapters	50+

4. Technical Department — Skill Development Programs

Managed a structured technical training department focused on practical, market-ready skills.

Program Scale

- 10 complete batches conducted
- 450+ learners graduated
- All batches delivered as full structured courses (not short workshops)

Training Structure

- 5 specialized trainers with distinct technical expertise
- 5 parallel courses delivered simultaneously as an integrated skill package

Courses Offered

- **Web Designing (UX/UI)**
- **Creative Designing**
- **Creative Writing**

Learning Approach

- Flexible class schedules for students and working professionals
- Hands-on training through Real client-based projects

Career Enablement

- Free physical and online internships for graduates
- Freelancing training sessions, with special focus on female learners
- Few graduates transitioned into online earning through their technical skills

5. Youth Impact & University Outreach

Delivered large-scale educational and motivational sessions across leading universities, including:

- **COMSATS University**
- **FAST University**
- **PIEAS University**
- **UET University**
- Other major public and private universities

Topics Covered

- UX / UI Foundations
- Personal Development
- Communication Skills
- Youth Direction & Purpose

Impact Summary

- 100+ seminars, workshops, and webinars delivered
- Conducted teacher training programs and interpersonal skills sessions
- Reached and influenced thousands of students across the globe

---

6. Books & Learning Materials

Authored and developed structured educational content for institutional and independent learning:

Authored:

- **Coping with Depression**
- **Mastery of Tajweed**
- **Foundations of Islam** *(for teaching in European countries)*
- **Plan & Change Your Life** *(New Year's Resolution Guide)*
-

7. Food Distribution Impact (Approximate Figures)

Implemented a sustained food assistance program focused on daily and long-term community support.

Daily & Annual Reach

- Provided meals to **approximately 400 individuals every day**
- Feeding capacity reached **around 12,000 individuals per year**

Multi-Year Impact

- Over a continuous period of **four years**, the program supported:
    - **Approximately 50,000 individuals** with regular food assistance
    - **700+ ration bags** distributed to vulnerable households

8. Flood Relief Impact (Approximate Figures)

Punjab (2022 Floods)

- **Reach:** around 6 Million spent in relief activates
- **Key Areas:** Rajanpur, Taunsa, and other high-impact districts.
- **Status:** Multiple relief phases covering the second-to-last major flood event.

KPK (2025)

- **Reach:** 0.6 Million spent in relief activates
- **Key Areas:** Buner, Swat, and other severely affected districts.
- **Status:** Most recent phase of support completed.

9) Blood Donation Camps

4 Blood Donation Camps were arranged, in Collaborations with:

- **Jamila Sultana Foundation (MoU signed)**
- Sundas Foundation
- FGRF
- SMT Foundation

10) Small Business / Startup Support

- **10+ small business setups** supported
  Families assisted to become financially independent
