Alumni Excellence Award – Innovation & Entrepreneurship

Nominee: Javeria Shakir (FA21-BAF-047)

Business Operations, Shipments & Logistics Evidence

Purpose of Document: This document provides combined evidence of structured business operations, shipment planning, order tracking, and verified logistics payments for Chic Apparels. It demonstrates consistent business activity, financial sustainability, and end-to-end operational management for an import-based personal shopping business.

Shipment & Order Tracking Record (Excel Database)

- Screenshot of Excel-based order management system used to track customer details, products, payments, and other details.
- Records show recent 3 shipments (85th–88th), indicating sustained business operations over time
- **88th shipment reflects a recent completed import shipment received by the business**
- Data includes customer information, order values, product quantities, and revenue calculations (Profit yet to be calculated)
