THIS CERTIFIES THAT

OGDCL Mother and Child Healthcare Centre Khewari

HAS ACHIEVED AN

EDGE ADVANCED PRELIMINARY CERTIFICATE

CERTIFICATE NUMBER

GP2-PAK-25021710222598-P

EDGE ADVANCED

Exemplifying achievement in the following areas:

73%
Energy Savings

28%
Water Savings

51%
Less Embodied Carbon in Materials

11.34 tCO_2/year
Operational CO_2 Emissions

19.6 tCO_2/year
Operational CO_2 Savings

DATE OF ISSUE

31-JUL-2025

DATE OF EXPIRY

30-JUL-2028

ENERGY MEASURES

Reduced Window-to-Wall Ratio
Insulated Roof
High-performance Glass
Natural Ventilation
Efficient Ceiling Fans
Efficient Space Heating System
Efficient Interior Lighting
Efficient Exterior Lighting
Onsite Renewable Energy Generation

WATER MEASURES

Water-efficient Showerheads
Water-efficient Faucets in Bathrooms
Efficient Water Closets
Water-efficient Faucets in Kitchen

MATERIALS

Material-efficient Bottom Floor Slab - Customized Material
Material-efficient Roof Slab - Concrete Slab | In-situ Reinforced Conventional Slab
Material-efficient Exterior Walls - Concrete Blocks | Solid Blocks of Dense Concrete
Material-efficient Interior Walls - Concrete Blocks | Solid Blocks of Dense Concrete
Material-efficient Window Glazing - Single Glazing

EDGE is a registered trademark of IFC. ©IFC 2025

The EDGE standard requires 20% efficiencies in energy, water and materials compared to a local benchmark. Predicted efficiencies are not a guarantee of future operational performance. Energy savings may be associated with virtual energy for comfort depending on the presence of heating and cooling systems. Virtual energy does not contribute savings to utility bills.

This certificate is issued by the Certifier based on information provided by the client and the audit by the Auditor, and is subject to the terms and conditions of the Certifier. Contact edge@ifc.org if the above measures are not consistent with your observation on the project.
