Dear Sheraz and TPS Team,

**Feedback on the Project Proposal**

Firstly, I would like to express my gratitude for taking the time and effort to reach out to us and share your ideas for future collaboration. I am impressed by the thoroughness of your project proposal and the documented results from your past endeavors.

As you are aware, SpareBank 1 SMN is a regional bank, with partial ownership by local communities in Central Norway. A portion of our dividend is dedicated to supporting local causes and projects in Central Norway. It is our policy not to allocate funds outside the country/region unless the supported cause has a clear local connection with local individuals involved in the project.

I have attempted to leverage my contacts to facilitate introductions at the university in Trondheim and obtain a statement or professional advice from the student psychology team there. Unfortunately, the timing seems unfavorable for the individuals I reached out to, and I have not been successful in establishing connections for you. It is crucial for us that you have a local partner in Norway and connections at the university to support a project partially taking place in Norway.

Here are some potential organizations to explore:

Om Mental Helse Ungdom - Mental Helse Ungdom (Mental Health Youth - unfortunately page in Norwegian only, but I guess google translate can help you out)

https://www.sit.no/en/health (student welfare organization).

My personal opinion/advice is that I believe it would be wise for you to prioritize efforts locally in Pakistan - and grow from there. I suspect that you will meet a lot of practical and cultural challenges in establishing activity on the other side of the globe. I base this on the feedback I got from my attempts to open doors for you here, but I also know you like a challenge – so - from the bottom of my heart - good luck – no matter what dream you decide to chase.

**Contribution**

Despite the challenges mentioned, we have decided to make a contribution to TPS. Your project and hard work have allowed us to showcase the real impact of "Under the Starry Sky," and your commitment has been evident from day one. Sheraz's assistance in creating the mini-series has also been invaluable to us. We are grateful that you participated in the program and series, sharing your hopes, ideas, thoughts, and emotions throughout the journey. We now hope the series serve as motivation and inspiration for more people to contribute to a better world.

Therefore, we would like to show our appreciation for your efforts by supporting The Project Suicide with a contribution of **20,000 NOK (approximately 540,000 PKR).**

To facilitate this, we require your International Bank Account Number (IBAN) and your bank's Bank Identifier Code (BIC/SWIFT address).

The launch of the series is scheduled for tomorrow and will be available here:

http://smn.no/modig.

We hope you enjoy it and that you get some help with the translation if needed 😊.

Wishing you the best of luck in 2024 and beyond; we will continue to cheer you on!

Siri ❤️

Best regards,

Siri Borthen Flatås

Dear Siri,

Firstly, we would like to express our sincere gratitude for your thoughtful and detailed feedback on our project proposal. We truly appreciate the time and effort you invested in exploring potential connections for us in Norway, even though it posed challenges.

We understand and respect SpareBank 1 SMN's policy of supporting local causes and projects in Central Norway. We appreciate your attempt to facilitate introductions at the university in Trondheim, despite the timing challenges. Your suggestions for potential organizations in Norway are invaluable, and we will explore these avenues further.

We also value your personal opinion and advice regarding prioritizing local efforts in Pakistan. For that matter, we have been working on planning a new TPS Ambassadorship Program working on a national (at the same time local level) and are very happy to announce that its planning and recruitment have almost come to completion. **We have received students from more than 60 universities across 30 cities in Pakistan** and are in the process of building and legitimizing a national network of Mental Health volunteers across our Country. I think you'd be proud to know that we took inspiration for this from the ***Under The Starry Sky Program***, and how it was necessary in bringing people from all across the world together. It's a daunting feat as you'd know, but we are steadfast and resolute in bringing a positive change to our country- no matter the resistance or obstacles.

Regarding your generous contribution of 20,000 NOK to The Project Suicide, we are deeply touched and grateful for your support. This contribution will undoubtedly make a significant impact on our efforts, and we hope to spend every penny of it on our Ambassadorship Program here in Pakistan, we are honored to have SpareBank 1 SMN as a supporter in our mission.

To facilitate the transfer, here are our **Banking Details:**

**Account Holder Title:** Mohammad Sheraz Akbar

**International Bank Account Number (IBAN):** PK78MEZN0098140104218276

**Bank Identifier Code (BIC/SWIFT):** MEZNPKKA

**Recipient Address:** Sudra'n Road, Sher Ali Town, Daak Khana Tarlai, Tarlai Kalan, Tehsil and District Islamabad.

**Bank Address:** Khasra No. 411/2, Lehtrar Rd, Near Tramri Chowk, Tarlai Kalan, Islamabad.

By the way, we did watch a few glimpses of the documentary, and it's nothing short of breathtaking. But for the full experience, we four boys have made a plan to watch it together, with some popcorn and maybe some tissues. Looking back at it all, we still can't believe what we all have achieved together. We appreciate your well-wishes and hope that the series will indeed inspire positive change and contribute to a better world.

Finally, a heartfelt and sincere thanks to you, Siri. You have been a constant pillar of support, and that alone is more than enough for us. We wish you and your family a Merry Christmas in advance, from the other side of the world.

Best regards

Sheraz & Team

Thanks for a beautiful message!

Due to the Christmas Holiday, it may take some time to get the international transfer to take place, but we're on it!

I hope you take a photo with the popcorn, and share with us at Linkedin/other channels 😊 Enjoy!

Dear Siri,
We hope this email finds you in the best of physical as well as **mental health** and high spirits post the Christmas break! xD

Just wanted to reach out to you in regards to the funds that you guys sent our way. We're delighted to inform you that Alhamdulillah we have **finally received those funds**. We're really thankful to you and the SpareBank1SMN for this contribution. You guys will always have a special place in the heart of these HopSellers, being among the first ones to believe in our idea and invest in us.

On a side note, we also wanted to share another great news with you. We've just been informed that there has been an addition of 2 more lives that we directly saved during Phase-II of our project while working under your supervision. So Alhamdulillah, we have officially concluded our Phase-II by directly ***saving 13 lives rather than the old toll of 11*** and you guys have an equal share of this achievement.

Thank you so much for your continuous support. Together, we're determined to shape a future where everyone can experience peace of mind. Your own words, ***"The future does not exist, it is created by someone,"*** resonate deeply in our hearts, and we embrace the responsibility of crafting a better world for our generations to come.
Looking forward to sharing more victories, challenges, and a few laughs along the way. Cheers to the incredible journey ahead!

Best Regards,
Team The Project Suicide
