To Whom it may concern,

Confirmation of Working Relationship

I am writing to confirm the Lawn Tennis Association's (LTA) ongoing working relationship with Syed Ramiz (known to us as Ramiz).

Ramiz has been instrumental in supporting us to recruit, train and deploy a team of volunteer activators, enabling the establishment of our Free Park Tennis programme at two parks in Birmingham, thereby supporting the health and wellbeing of the local population in areas with considerable levels of inactivity and health inequalities.

Through taking a leading role in running the sessions (out of his own free time), Ramiz has harnessed the strength of the local community to ensure our free tennis sessions are incredibly well attended and has provided us with 3 additional activators to help run the sessions. Park activity is not possible without a strong and committed volunteer workforce, and Ramiz has been the driving force behind the facilitation of this.

In addition, Ramiz has played a key role in the ongoing strategic partnership between the LTA and the West Midlands Combined Authority, giving up his time to speak at the West Midlands Skills Summit in October 2025, explaining the power of volunteering as a positive force for social cohesion as part of a panel conversation..

Park tennis in Birmingham would not be as advanced as it currently is without Ramiz's support and, for this, I'm incredibly grateful. It is my hope that we can continue to work together and build on his success through the growth and diversification of the tennis workforce in the city.

Yours sincerely

Michael Salmon

To whom it may concern,

I am pleased to provide this reference for Muhammed Ramiz, who has been an outstanding volunteer supporting MicroSports Management Ltd across several Birmingham City Council park tennis sites, including Cannon Hill Park, Pype Hayes Park, and Lickey Hills Park.

Since MicroSports began managing the eight Birmingham park tennis venues, Ramiz has played a crucial role in supporting our transition process. His reliability, proactive nature, and readiness to help at short notice have been invaluable in establishing steady operations and a positive on-site atmosphere during our early delivery phase.

Ramiz possesses exceptional interpersonal skills and a natural ability to connect with people. He leads a thriving social tennis WhatsApp group of more than 80 regular players, creating one of the most engaged and inclusive park-tennis communities in the city. Through his friendly leadership, players of all ages, backgrounds, and abilities feel welcomed and encouraged to take part.

He also delivers weekly Free Park Tennis sessions, a core part of our inclusive community programme designed to make tennis accessible to everyone. These sessions attract new participants each week and have become essential in promoting active lifestyles, social connection, and regular participation across the park sites. His skill in supporting complete beginners while also engaging more confident players highlights his strong people skills and his commitment to community sport.

Beyond sessions, Ramiz has been a vital link between MicroSports and the local community, sharing feedback, helping communicate changes related to the new management model, and assisting players on site. His presence has helped build trust, improve user experience, and strengthen community engagement during a period of significant operational change.

Ramiz is dependable, respected, and genuinely committed to making a positive impact. His contribution to Birmingham's park tennis network has been exemplary, and his volunteering continues to provide meaningful value to the community.

I fully support Ramiz in any opportunity he pursues. Should further information be required, please feel free to contact me.

To Whom It May Concern

RE: Syed Muhammad Ramiz

We are writing to formally acknowledge the significant voluntary contributions made by Syed to both our firm, Davisons Law, and the wider community since joining us in August 2024.

Syed has been employed as a [redacted] at Davisons Law, where he has consistently demonstrated exceptional skill, commitment, and dedication to his role. In addition to performing his core responsibilities with professionalism and diligence, he has taken a proactive approach in organising and participating in various initiatives that have had a considerable positive impact.

One of Syed's key achievements has been his leadership in organising a series of charity events. This includes a highly successful Big Charity Tennis Tournament held earlier this year at Cannon Hill Park, raising funds for the charity Cure Leukaemia. This event was a success in terms of enhancing the visibility of our firm's brand through its community engagement. Furthermore, Syed organised a Macmillan Coffee Morning last month, where we raised £555 at our branch alone, all of which contributed to the invaluable work of Macmillan Cancer Support.

Syed has actively assisted with artwork in promoting office events and posted photos on social media promoting the firm's involvement in business development and charity work which has raised the firm's profile.

In addition to his charity work, Syed is a dedicated team member. He was the driving force behind a staff Golf Day and team-building event, which was extremely well received by staff which has contributed to a more positive and collaborative working environment.

Syed has also demonstrated excellent organisational and leadership skills, earning trust and confidence. As a result, he has become our office go-to person for managing and organising events and has proven himself capable of handling tasks that go beyond his role as a legal assistant.

We have no hesitation in stating that Syed's significant and ongoing contribution have had a positive impact on the betterment of the office and as a consequence the firm and the local community. His dedication to both his professional duties and voluntary efforts reflects highly on his character and the value he brings to Davisons Law.
